

TECHNICAL INSPECTION REPORT

Document ID: SCAN-TEST-001

Inspection Summary

This sample page is designed for testing scanned-document processing, OCR extraction, layout detection, and image preprocessing workflows.

The original document was printed on standard A4 paper and reviewed during a routine inspection. Minor surface marks and uneven ink density are intentionally preserved to simulate a typical office scan.

Item	Status	Remarks
Document quality	PASS	Readable
OCR suitability	PASS	Minor noise
Table detection	PASS	Grid visible
Page alignment	REVIEW	Slight skew

Notes

- This is a synthetic test document.
- It contains intentional scan-like noise and imperfections.
- No real personal or confidential information is included.
