Employee Onboarding Summary

This document summarizes new employee onboarding activity for the current quarter. All departments reported steady intake, with Engineering showing the largest increase in headcount. HR completed compliance training for all new hires within the first two weeks of their start date.

Department Headcount

Department	New Hires	Completed Training	Pending
Engineering	18	16	2
Sales	9	9	0
Customer Support	12	10	2
HR	3	3	0

Two Customer Support hires and two Engineering hires have pending training sessions scheduled for early next month. No onboarding delays have been reported to date.

Facility Compliance Notes

The warehouse safety audit conducted this quarter identified one active violation, shown in the notice below. Facilities management has been notified and corrective signage has been ordered.
